We bring the magic of reading to life!

Option One: Character reading and interaction! This is where we have an actor come in and dress as a character and read stories to children. For example, if you had a theme or subject study about the universe or space, we could offer Miss. Frizzle from magic school bus and read/teach from a book about space. We have a whole warehouse of costumes - so the character possibilities are ENDLESS! This is a great and fun way to bring interactive learning into the learning environment!

Price: $70.00 for an hour of interactive activities.

Option Two: A short 20-minute interactive musical. This fun musical is based off of Frog and Toad. We read some of their stories, then act out what we have read and sing some fun musical numbers! After the 20-minute show we have a 10-minute Q & A and the students can come and touch/take pictures with our props!

* We do offer a study guide on our website for this show!

Price: $250.00 for the initial hour of set up, show, Q&A, and tear down. Then an additional $50.00 per hour for any type of extension. For example: adding on a second show for more people or different grade level if performance takes place at a school.

If you have questions or would like to book one of our wonderful learning opportunities contact Katherine Clemons at kclemons@atistage.org or (864) 350-3807!
